Vast Acid

Ruby the Hatchet

I want you t'breath into, I want you.
Yeah, I need you to beat you.
Real doom.
In my mind your time line burns like a fuse,
so I take you and break you, I want you t'fall.Take you out.
Yeah, I'll cut you down.Circle to the full moon, they take you.
Yeah, we all must face our doom to start new.
In your lie try to find you're gonna lose,
'Cause i'll take you and break you. I want you t'fall.
Take you out.
Yeah, i'll cut you down.
I will cut you down.There's an evil inside, (?) of us all.
It will take what you have and leave you to none.
In the deep of your mind, darkness and cold.
He will take what you have and -uh-, and leave you alone.And I want you, breath into, I want you.
Who is who?
The dark rooms inside you.
In my mind your time line burns like a fuse,
so i'll take you and break you, I want you t'fall.
I will cut you down.
Uh, uh.
Uh, uh.
I will cut you down, down, down, down.
Down, down, down, down.
