Heaven Is a Truck (Egg Shell)

Pavement

Heaven is a truck
It got stuck
On the breeze
Asked the driver nicely,
I need a lift?
I need releaseThe sand in the boats,
On the rose covered floats
She is the queen of
A canceled Pasadena thrill
(California)I know arks can't fly
I know the sharks,
They don't have wings
But lady you need some cold advice
About a few thingsLoosen my dress
Tie me up just like all the rest
She is the queen of
A canceled Pasadena, thrill
(California)Loosen my dress
Tie me up just like all the rest
She is the queen of
A canceled Pasadena, thrill
(California)Although they may say 'castle' a time or two
