Lilith

Plaid

You can have me
But I'll defend my child
By spring that child will die

Oh deli owowow
Woo

Moon, moon, moon

I'm just so warm, Jennifer
and I'm coming over
to sabotage our distance

Moon will leave me on
Moon will guide me through, baby
Moon will guide me through
Moon will turn me on

I just don't care anymore
'Cause my chord is calling
It's me and truth
It's home
I'm at home with truth alone

Moon will leave me on
Moon will guide us through
Moon will guide us through, baby
Moon will turn me on

The moon
It guides me on baby
There's absolutely no doubt

Me and truth
It's home
I'm at home with truth alone
