Take Care Of You

Collin Raye

When it's just not your day
The whole world's on your case
tears rollin' down your face
It's more than you can takeI, I wanna take care of youWanna do it all yourself
Don't want anybody's help
I know your tough as nails
Remember, girl, when all else failsI, I wanna take care of youChorus-
Surrender, baby, I'm right here
Let go of all your doubts and fears
Turn 'em off, lay 'em down
All on me, right here, right now
All those voices in your head
Doesn't matter what they said
Just let me do what I was born to doI wanna take care of youWhen you fo and chase yoru dreams
And give them your everything
Lookin' back it semms
Baby, you can count on meI wanna take care of youChorusI wanna take care of you, my baby!ChorusI wana take care of you
yes, I'm gonna take care of you.
