I'm Into You (Atlas Bound Rework)

Chet Faker

I got a feeling we are gonna win
Our bodies make it perfect
And your eyes can make me swimThen again everything seems new
I can barely hold my tongue
To say the least I'm into youAnd your eyes
Are saying more than we can talk and warmer than our bedroom sport
And your thighs
Are kisses from the outside, girl that's all I needI'll take you down the other road
To breathe in something moreI find it harder to ignore
The things I want you forI know you don't want
I love you can sing
The music was at the start
Do do do do do do do do do do do doThe rhythm was all
I needed to hear
A woman can treat my heart
Do do do do do do do do do do do doWhen I press an ear up to your breast
I can hear the rhythm start
It's hard to tell our beats apartSo I hope you're listening right now
'Cause I can barely hold my tongue
The shit we do could warm the sunAnd I
Twisted in a melting fall and sleeping with the scratching claws
And your words
Let me know you're feeling me and seeing all the things I seeI'll take you down the other road
To breathe in something moreI find it harder to ignore
The things I want you forI know you don't want
I love you can sing
The music was at the start
Do do do do do do do do do do do doThe rhythm was all
I needed to hear
A woman can treat my heart
Do do do do do do do do do do do doI know you don't want
I love you can sing
The music was at the start
Do do do do do do do do do do do doThe rhythm was all
I needed to hear
A woman can treat my heart
Do do do do do do do do do do do do
