MasterÂ´s Hammer

Feels like so deep
So heat go dumb
Feel like so deep
So deep can?t go on
Feels like found deep
Listen strong out I don?t ...
Feel like so deep
Myself, dissolving out

Feels like although, star fish is me to be
Felt like I hold, I miss my baby please come home

Bright skies, bright skies
Bright skies, bright skies

Feels like so deep
So heat go dumb
Feel like so deep
So deep can?t go on
Feels like found deep
Listen strong out I don?t ...
Feel like so deep
Myself, dissolving out.
