White Trash

Redd Kross

your parents don't care about the
way you act
they're just as bad as you
yelling at people without tact
you believe in KKK
that's were it's at
what half wit gives a shit about
your stupid
point of view
thinking that no one can possibly
be as smart as you
you're just white trash
better watch what you say to me
just white trash
and your brother can't even read
solo
you're just white trash
better watch what you say to me
just white trash
and your brother can't even read
oh!
