I Want the World

The Cootees

I am all alone and I cant be without you
Can you feel the pain thats in my heart
It's been so long since I've had you near me
And it is tearing me apartI wanna be with you I wanna change my life
I wanna help somebody you know I've got the time
I know there's pain inside you don't want another girl
You don't like the earth we live on then I'll change the worldAnd it's true that I can say I love you
With all that's left inside my soul
You're the only one that makes me laugh instead of cry
You're the only one that makes me wholeI want the world I'll take control
I'll try to make things right I won't turn out the lights
I won't turn my back on you
When things are down I'll turn it all around
Turn a smile from a frown that's what I'm gonna do
