Fuck You I'm Drunk

Paddy and the Rats

There was a time when I was so high
I was in the war for my country and fight
I had a child and a beautiful wife
But my whole fucking life have changed
on one damned night
So fuck you I'm drunk, fuck you I'm drunk
Fuck you I'm really drunkGot mud on my shoes, got blood on my face
When I saw Irish land again I was amazed
But Vince Murphy told he got something to say
An english killed your wife while you were away
So fuck you I'm drunk, fuck you I'm drunk
Fuck you I'm really drunkI swore to God, I killed his wife too,
Though Father McKenzie told me not to do
You should just pray to Lord and try to forgive
But Mr. Jameson said you cant let him live
So fuck you I'm drunk, fuck you I'm drunk
Fuck you I'm really drunk
