Watch It Burn

Ashers

Love and it's consequences
You can't win but you can't get out
Leaving yourself defenseless
So high you can't get back down
Love and it's consequences
One long dramatic scene
Though we all know the ending
We still can make believe
Danger, danger
I'm betting like I'm off tonight
You can't save me this time
Woah, don't give me a warning
Just be my next mistake
Woah, the sky is falling
Falling down in flames
And I don't want to turn
I love the way you make me burn
I light it up this one last time
And watch it burn
Love and it's consequences
Embrace impurities
Covered in sweat and ashes
This is the last shit I need
In the fall out of explosions
Lost in the strangest dream
Watching it back in slow motion
You wince before you scream

Danger, danger
So many reasons to ignite
You can't stop me this time
Woah, don't give me a warning
Just be my next mistake
Woah, the sky is falling
Falling down in flames
And I don't want to turn
I love the way you make me burn
I light it up this one last time
And watch it burn, woah

Maybe I've been too extreme and too emotional
But no, this has to go, I can't leave well, I'm not alone
Woah, don't give me a warning
Just be my next mistake
Woah, the sky is falling
Falling down in
Start a fire and watch it grow
I love to see my love implode
I light it up this one last time
And watch it burn, burn
And I don't want to turn
I love the way you make me burn
I light it up this one last time
And watch it burn
