# Single Tear

## Tyler James

Can't find the pieces of my broken heart,
Can't see the light, I'm fading into dark,
I fake a hurt I go through everyday,
Like I'm okay, like I'm okayEvery moment since you left,
I swear my bots are turning )
Every picture in my heart of you
Just keeps on burningI haven't cried a single tear all year
All we remember is this September
Haven't cried a single tear all year
Gotta confess though, feels like disaster
The things will never be the same,
And all the hurt still remains
Baby, I haven't cried a single tear all year,
You call me master of a million feels,
Ain't cried a single tear
Ain't cried a single tear
Ain't cried a single tear
Ain't cried a single tearLiving without you,
Don't know where to start,
Can't find the will to stonily fall apart,
Living in a lie I tell myself everyday,
I'll be okay, I'll be okay
Plus the loneliness,
Can't find my way,
I keep on stalling
In the emptiness I swear,
That I still keep you calling.
