For The Good Times

Ruben Studdard

I just want you to remember
Don't look so sad, baby, I know it's over, oh
But life goes on and this world keeps on turning, yes, it does
Let's just be glad, we have this time to spend together, together, baby
There is no need to watch the bridges that we're burning, oh
For the good time, oh, oh, oh, baby
For the good time, oh, oh, oh, oh
I'll get along and, baby, I'm sure you'll find another
But darlin' please remember I'll be here
Said I'm gonna stay right here if you should ever find you need me
Don't say a word about tomorrow or forever and ever and ever and ever
There'll be time enough for severance when you leave me
Here's what you got to do
Lay your head on my pillow
This is what I want you to do for me, baby
Hold your warm and tender body close to mine
Hear the whisper of the raindrops
Blowing softly against the window, oh
Make believe you love me one more time, yeah
For the good time, that's all I want you to do, baby
For the good time, there's no need for you to be sad, no
For the good time, lay your head right here, baby
And remember for the good time, hey
Feel so good, got to do it again
Yes, I do, yeah
