Kickin' Ass

KMFDM

You know I like everything about you
The way you're talking, it's quite exciting
Keep it up and I hide my face
The way I'm eatin' is a social disgraceI want a lot of this loving feeling
The way you trust me and I like the bleeding
I want a lot of this loving feeling
The way you trust me and I like the bleedingIt's really neat driving in this car
And shut the door
Let's hope to God we can get it right
I know a place we can rock alrightNobody's gonna catch you and get a fright
You know the little girl who makes me
The big one who takes meAnd now it's later and I'm washing my hands
It's the arena, the promised land
And now it's later and I'm washing my hands
In the arena of a promised landFighting on price, sitting on a stump
Someone's gonna get you then a thumb, thumb, thumb
Fighting on price, sitting on a stump
Someone's gonna get you then a thumb, thumb, thumbI know it's funny when it gets so big
But I know you're gonna dig everything I give
For sure you say, it's a, a lot of meat
But you get it all in and it's a hell of a treat now, now'Cause I'm a man who's sick but I got class
'Cause you only get respect when you're kickin' ass
I'm a man who's sick but I got class
'Cause you only get respect when you're kickin' assWell, I'm a man who's sick but I got class
'Cause you only get respect when you're kickin' ass
