Middle Finger (ft Mac Miller)

Cobra Starship

Yeah
And I feel like
Put your middle fingers up likeUhGot my middle finger up
And it's pointed to the clouds
Rollin' in with my whole entourage
Too many of us to count
Tell baby girl I'm on that
Danger bring your hard hat
Might not get that call back
So where those stories start at?I step into the club
The haters turn around
My middle finger's up
Man I'm just getting down
To get me in the mood
To get me good
I need an aphrodisiac yeah
Aphrodisiac yeah!And then she pulled me close and told me now
Let's rock the night away
Move your body to the beat like this
Like this, like thisThrow your cups in the air
We so fly
Middle finger up to the sky
(Throw it up)
In the sky
In the sky
(Throw it up)
In the skyDo it all the time (hey!)
Do it all night (hey!)
Middle finger up to the sky
(Throw it up)
In the sky
In the sky
(Throw it up)
In the skyKeep it movin' yeah
I gotta let you know
That you're the only girl
Who can drive me wild
Yeah you feel good
Better than I thought

You got me so
Girl you got me outta my mindNow if you want me like I know I want you
Let's rock the night away
Move your body to the beat like this
Like this, like thisThrow your cups in the air
We so fly
Middle finger up to the sky
(Throw it up)
In the sky
In the sky
(Throw it up)
In the skyDo it all the time (hey!)
Do it all night (hey!)
Middle finger up to the sky
(Throw it up)
In the sky
In the sky
(Throw it up)
In the skyWe got our middle fingers up
'Cause we don't give a fuck
Little bit of gin mixed in my cup
This is us so drink that up!
Girl I might need a ride home
You can take me back to your spot
Sure shot
Got your heart on lock
Call that Fort Knox (Fort Knox)
Or not (or not)
Be a swing and miss
I bet you're trying to prove what the meaning of single is
But you got the moves
I'm drunk as hell
Trying to talk you
No other girl here that's hot as you
So I'll slow it downThrow your cups in the air
We so fly
Middle finger up to the sky
(Throw it up)
In the sky
In the sky
(Throw it up)
In the skyAnd it goes like thisDo it all the time (hey!)
Do it all night (hey!)
Middle finger up to the sky
(Throw it up)

In the sky
In the sky
(Throw it up)
In the sky
(Like like like like this like this like this like this)Throw your cups in the air
We so fly
Middle finger up to the sky
(Throw it up)
In the sky
In the sky
(Throw it up)
In the sky
