WHO CAN YOU TRUST

The Vandalz

My animal nature
Will dominate ya
Just wait and see
Yeah, there's no protection
This whole deception
Is killing me
Look what we got?
It's not what it seems to be
Take aim and fire, gotcha, gotcha
Hey, it's so confusing
This whole illusion
Will tell on you
You take what you want
Get what you need
Take aim and fire, gotcha
Who, who, who can you trust?
(Who can you trust?)
Just say enough is enough
(Enough is enough)
Who, who, who can you trust?
(Who can you trust?)
Just say enough is enough
Who, who, who, who can you trust?
Look what we got
It's not what it seems to be
Take aim and fire, gotcha
Who, who, who can you trust?
(Who can you trust?)
Just say enough is enough
(Enough is enough)
Who, who, who can you trust?
(Who can you trust?)
Just say enough is enough
Who, who, who, who can you trust?
Who, who, who can you trust?
(Who can you trust?)
Just say enough is enough
(Enough is enough)
Who, who, who can you trust?

(Who can you trust?)
Just say enough is enough
(Oh, I gotcha)
Who, who, who can you trust?
(Who can you trust?)
Just say enough is enough
(Oh, I gotcha)
Who, who, who can you trust?
(Who can you trust?)
Just say enough is enough
(Oh, I gotcha)
Who, who, who can you trust?
(Who can you trust?)
Just say enough is enough
(Oh, I gotcha)
Who, who, who can you trust?
(Who can you trust?)
Just say enough is enough
(Oh, I gotcha)
Who, who, who can you trust?
(Who can you trust?)
Just say enough is enough
(Oh, I gotcha)
Who, who, who can you trust?
(Who can you trust?)
Just say enough is enough
(Oh, I gotcha)
