Fin

Choirboy Invisible

I hold it all to the love in her eyes
Lord knows I can feel her, see her in my mind
And her spoken words ring through my head
Though I'm lost, I can hear them calling me thereHey, the song to your fears
Leave your light on tonight
Lost from all so dear
Yeah well it's a long way homeWell, a lonely road to the promised land
May be long but I see the end some day
To broken lives of the mountain side
Out in the cold, a kinda hurried shifting sandsThey're in the other world to where you lie
Pulling your heart then the ravens say goodbyeHey, the song to your fears
And leave your light on tonight
Lost from all so dear
Yeah well it's a long way home
