Closer To The Sun

Slightly Stoopid

If I think she beautiful, well that's for sure
Give a little loving, but I still gonna need some more, rob it
Stealing from the rich and then give it to the poor
Telling everybody it don't matter anymore, she saidAll I really needed was a friend like you
Help me through and together we can change, but
If I was to stay it wasn't for too long
People sing the same song everywhere I'm goingCloser to the sun and far from the moon
People screaming out they gonna see me real soon, they sayIf I think she beautiful, well that's for sure
Give a little loving, but I still gonna need some more, rob it
Stealing from the rich and then give it to the poor
Telling everybody it don't matter anymore, saidAll I really needed was a friend like you
Help me through and together we can change, but
If I was to stay it wasn't for too long
People sing the same song everywhere I'm goingCloser to the sun and far from the moon
People screaming out they gonna see me real soon, they say
