Euphoria

Taho

Reintroduction to a feeling I don't wanna know,
Yeah I been running but it caught me somehow,
The rule was never fall in love I did it anyway,
You made my heart beat keep pumping,
Why the hell you turn it up so loud,
Cause the fire don?t fear the water,
And the night don't fear a thief,
It's just you and me together,
Here we are, we are, we are, we are
Here we are, we are, we found euphoria!
[Beat break]Here we are, we are, we are, we are,
And you're glowing from inside,
Like the dawn is in your eyes,
I?ve seen it for the first time,
Here we are, we are, we found euphoria!
I went in all the way and thought I could get in and out,
She said relax, you gonna be here for a while,

But I threw caution to the wind and did it anyway,
And the truth is I?m learning to loving and I ain't gonna turn it down,
The fire don?t fear the water,
And the night don't fear a thief,
Once the music sets you over,
Here we are, we are, we are, we are
Here we are, we are, we are
And you're glowing from inside,
Like the dawn is in your eyes,
I?ve seen it for the first time
Here we are, we are, we found euphoria!
[Beat break]Here we are, we are, we are
Here we are, we are, we found euphoria!
[Beat break]And you're glowing from inside,
Like the dawn is in your eyes,
I've seen it for the first time,
Here we are, we are, we found euphoria!
