Sara

Ed.S.music

Some spend a lifetime searching for gold
Crossing the ocean, like in days of old
And now that I've found you I realize
That you are forever where my heart liesFrom sunrise to sunset, oh Sara
You're as good as it can get, oh Sara
I keep my promise to come back someday
Oh Sara, never changeI miss the siesta and water so blue
I dream of the white sands and Sara, of you
In my heart there's a spirit like a fire it burns
Watch over our secret until I returnFrom sunrise to sunset, oh Sara
You're as good as it can get, oh Sara
I keep my promise to come back someday
Oh Sara, never changeFrom sunrise to sunset, oh Sara
You're as good as it can get, oh Sara
I keep my promise to come back someday
Oh Sara, never changeFrom sunrise to sunset, oh Sara
You're as good as it can get, oh Sara
I keep my promise to come back someday
Oh Sara, never change
