Only The Brave

Gaskin

[Verse 1]
In the summer of insanity we met
And you handed me your heart right there and then, you remember where
We were burning for each other and sure that we could make it right
Yeah, we were never gonna sleep, never gonna say goodnightAnd I remember watching for a sign
Hoping to god that you were mine
I fell in love with you that night, so tell me why
Don't say that we were young 'cause I don't care
It's only the young who play truth or dare
It's only the brave who stand and swear, so tell me why[Verse 2]
Threw the towel in, then it's over, it's never gonna be the same
You're wrapping a rope around a neck, you've only got yourself to blame
You don't know why
You're own bloody means
Flipping stones, turning leaves, and hoping for a remedyAnd I remember watching for a sign
Hoping to god that you were mine
I fell in love with you that night, so tell me why
Don't say that we were young 'cause I don't care
It's only the young who play truth or dare
It's only the brave who stand and swear, so tell me why, so tell me why[Verse 3]
That's all I got to tell you
All the times I ran like hell to the dark side of the top floor
Come please, my lord
Baby, I forgot to say that, poison ran right to my brain
I'm gonna squeeze these veins so hard, it's gonna be a long and sleepless nightWatching, for a sign
Hoping to god that you are mine
I fell in love with you that night, so tell me why
And don't say that we were young, 'cause I don't care
It's only the young who play truth or dare
It's only the brave who stand and swear, so tell me why
And don't say that we were young, 'cause I don't care
It's only the young who play truth or dare
It's only the brave who stand and swear, so tell me why, so tell me why, so tell me why
