Midnight Flower

The Four Tops

Midnight flower
You got the power
Let me buy the things you do, darlin'
For just one hourYou may never
Fall in love with me
But it don't matter
As long as you and I, darling
Can get togetherI don't care
What people say you are
'Cause in my eyes, girl
You are a superstarThe way you move
Is like sweet music flowin'
And inside of me
There is a need that's growin'No price is too high
Midnight flower
You got the power
(Do something with me)
Let me buy the things you do, darlin'
For just one hourYou may never
Fall in love with me
But it don't matter
(Do something with me)
As long as you and I, darling
Can get togetherI don't fool myself
It's one side romance
But I'd gladly pay the price
For just half a chanceIt's wishful thinkin'
For just, oh, tonight
Let me pretend, baby
I'm your heart's delightOh, baby, hey
Midnight flower
You got the power
(Do something with me)
Let me buy the things you do, darlin'
For just one hourI, I just gotta have ya
I need your company
To soothe this yearnin' in meGirl, I, I just gotta have ya
Could be the devil's gotten me
But only you can set me free, yeahDon't put on me, baby

Love me, girl
Pour it all over me, baby
Your sweet love
Oh, so sweetMidnight flower
You got the power
(Do something with me)
Let me buy the things you do, darlin'
For just one hourYou may never
Fall in love with me
But it don't matter
(Do something with me)
As long as you and I, darling
Can get together
