When You're Around

Relient K

Like a child having nightmares
I will run all ready to Your arms
I'll give You all of my cares
And this world will do me no more harmWhen You're around
(When You're around)
When You're around
(When You're around)I don't know what to say
I don't know what to do
I don't know what to say
To let You know just what I'm feelingWhen You're around
(When You're around)
When You're around
(When You're around)When You're around
(When You're around)
When You're aroundI want Ya to stay longer
I made You a place, a place within my heart
With You, I'm so much stronger
That's why I'm glad, we'll never have to partWhen You're around
(When You're around)
When You're around
(When You're around)I don't know what to say
I don't know what to do
I don't know what to say
To let You know just what I'm thinkingWhen You're around
(When You're around)
When You're around
(When You're around)When You're around
(When You're around)
When You're around
