Hey Mr. DJ

Van Morrison

Listen Mr. DJ
Won't you play me something slow?
Play me the songs for the lonely ones
Play me something that I knowHey, Mr. DJ
I'm in a sad mood tonight
Play me something just for me and my baby
Won't you make everything alright?I'm gonna turn it way down low
Leave it on all night long 'til the morning comes
Like my lover, my friend, until the end
And that special someoneHey, Mr. DJ
Play me Rainbow 66
'Cause I'm drifting like a ship out on the fog
And I just don't know what's coming nextGonna turn it way down low
Leave it on all night long until the morning comes
For my lover, my friend, until the end
And that special someoneHey, Mr. DJ
Play me Rainbow 66
'Cause I'm drifting like a ship out on the sea
And I just don't know what's coming nextWell, Mr. DJ
I'm in a sad mood tonight
Play me something for me and my darling
Want you to make everything alrightHey, Mr. DJ
Hey, Mr. DJHey, Mr. DJ
Hey, Mr. DJ
