Mpls Song

Pinhead Gunpowder

Iggy Pop is playing downtown
And I'm outside in the rain
Listening and lurking around
It's another dreary night
And I'm waiting for the 6-C bus
To come and get me
Broke and cold and lonely
10:00pm, I'm only starting to
Wake up
Creeps are trying to talk to me
But I wait soaking silently
And shiny lights are shining
Down on me
Broke and lonely, cold and
Hungry and though it may sound
Funny, I'm doing alright
It's another dreary night
Sometimes it's what you love
Most that suffocates you
Sometimes it's good to give friends
A chance to miss you
Well home is far away now
But I remember how
Sometimes it was
Cold and lonely too.....
