# Set 'Em Up Joe

## Randy Travis

They got a vintage Victrola 1951
Full of my favorite records that I grew up on
They got ole Hank and Lefty and there's B24
Set 'em up Joe and play Walking The Floor
Set 'em up Joe and play Walking The FloorI'm gonna spend the night like every night before
Playin' E.T. and I'll play'im some more
I've gotta have a shot of them old troubadours
Set 'em up Joe and play Walking The Floor
Set 'em up Joe and play Walking The FloorAll my neon neighbors they like what I play
'Cause they've heard it every night since you've walked away
Every day they replace old B24
'Cause every night I run a needle through Walking The Floor
Every night I run a needle through Walking The FloorI'm gonna spend the night like every night before
Playin' E.T. and I'll play'im some more
I've gotta have a shot of them old troubadours
Set 'em up Joe and play Walking The Floor
Set 'em up Joe and play Walking The Floor
