Fly Me Home

Chelsea Lee

Only a couple weeks since I moved in
Tryin' my best to make myself fit in
I knew it might take a while
But the girl behind the smile is wearing thinFly me home
When I land please take my hand
Never let me go
Fly me home
Cause I've spent too much time
Out here on my own
So fly me homeI know there comes a time
For movin' on
When everything in your life
Is goin' wrong
So I thought I'd make a change
Now I only wish I stayed
Where I belongFly me home
When I land please take my hand
Never let me go
Fly me home
Cause I've spent too much time
Out here on my own
So fly me homeHome is where your whole wide world
Is just outside your door
But a home []
When you don't live there
Anymore...So fly me home
When I land please take my hand
Never let me go
Fly me home
Cause I've spent too much time
Out here on my own
So fly me homeFly me home
Fly me homeCause I've spent too much time
Out here on my own
