Different Kind Of Cowboy

Ray Scott

Y?all listen here
I ain?t never lived in Texas
Rode across no dusty plain
I ain?t drank water from no cactus
Been inclined to rob a train
I?m a different kind of cowboy
Tumble weed out in the wind
In this Carolina country boy?s heart
The lone ranger rides again
I ain?t too forward with the ladies
Flash a smile and tip my hat
But I?ve been findin? out here lately
There?s still a few thing to that
Yeah, I?m a different kind of cowboy
Tumble weed out in the wind
In this Carolina country boy?s heart
The lone ranger rides again
Yeah, I got a hundred horses
Couple sprockets and a chain
Love the sound of chrome
Pipes rumbling, the smell of gasoline
I?m gonna ride off in that sunset
Yellin' yippee ki-yay, yippee ki-yay
Yeah, I?m a different kind of cowboy
Tumble weed out in the wind
Yeah, in this Carolina country boy?s heart
The lone ranger rides again and again
Hi, ho, silver
Lone, lone
