Valediction

Seconds Away

[You made me close my eyes]
[I never wanted to]
[I never wanted to]
[I let you take a look inside]
[I never wanted to]
[I never wanted to]It's not that I'm resentful of
Your emptiness
It's what you put me through
What you put me throughAnd it's not as though I walked away
There was nothing I could do
Nothing I could doSo go on and tell me
That time's on our side
And just what I should do
What I should do
And endow me with wisdom
Of all the things
That I never knew
I never knewThe very same days that
Our hearts were on fire
Have been swept away
Been swept awayThe very same things that
Are wants and desires
Never mattered anyway
Don't matter anywaySo go on and tell me
That time's on our side
And just what I should do
What I should do
And endow me with wisdom
Of all the things
That I never knew
I never knew
