Odd Man Out

Carl Belew

(Odd man out odd man out)
Odd man out that the other two play I've lost the game I wish it wasn't that way
Let me explain what I'm talkin' about since he walked in I'm an odd man outLife's a gamble now I know we take chances anywhere we go
In this gamble we know beginner I wanna congratulate the winner
Odd man out...
Since he walked in I'm an odd man out
