Stiletto

Seconds Away

It's the sweet taste
Of reward
Is it better
Than it was before
She's a dark, dirty girl in a world that tells her
Just how she should live
It's so easy
To ignore
Push the limit
Just a little more
She would die for the chance just to change it but she's
Got no more to giveWhen the lights go down it becomes the very moment she can see
That there's no easy way out of the place that she never really wanted to beIt's that one last kiss
Don't try to save your - innocence
One last kiss - sealing
All your empty promisesLying face down
On the floor
There's a dim light
At the bottom of the door
Won't you just fall back on the darkness, it's calling your name
As the days run into the nights
Nevermind, now
Ain't that cause everything's alright
So alone and heartless, tell me who's to blameWhen the lights go down it becomes the very moment she can see
That there's no easy way out of the place that she never really wanted to beIt's that one last kiss
Don't try to save your - innocence
One last kiss - sealing
All your empty promisesAnd if only you could let it go
Don't you wanna but you'll never knowAnd now you're falling with your concrete soul
Go on and tell me that you're in controlIt's that one last kiss
Don't try to save your - innocence
One last kiss - sealing
All your empty promisesIf only
If only
