

Odd Man Out

[Carl Belew](#)

(Odd man out odd man out)

Odd man out that the other two play I've lost the game I wish it wasn't that way
Let me explain what I'm talkin' about since he walked in I'm an odd man out Life's a gamble now I know we
take chances anywhere we go
In this gamble we know beginner I wanna congratulate the winner
Odd man out...
Since he walked in I'm an odd man out
