Raheem DeVaughn

Leave your lipstick print all over my body baby, my body baby
Soak me in the smell of your perfume baby, your body baby
Let your sweat pour slow drip drop like honey baby, like honey baby
Feel the passion of this ranging bull baby, feel my body baby babyPlease report to my bedroom, bedroom, bedroom
open up wide in my bedroom, in my my in my bedroom
In my bedroom, Bedroom I got pleasure for you, bedroom a great place called,
my bedroom, Best love you ever had, in my my my bedroom, we'll grow, in my bedroomLock and load,
explore and explode in my body baby, my body baby
Share fantasy, be the freak you wanna be, with my body baby, your body baby
Let's pretend your alone and we're on the telephone, my body baby your body baby,
Let's make you shout till you passout, with my body baby, with your body baby,Hurry up to my my my bedroom, hey, push your body in mine, MY, so much pleasure
