I Like It

No Authority

I've been thinking 'bout you for quite a while
You're on my mind every day and every night
My every thought is you, the things you do
Seem so satisfying to me, I must confess it, girlOoh and I like it
You send chills up my spine every time I take one look at you
Ooh and I like it
Girl, you're blowin' my mind with the things you say to meI like the way you comb your hair
I like those stylish clothes you wear
It's just the little things you do
That show how much you really careLike when I'm all alone with you
You know exactly what to do
You put that body beside of me
And make it more than just a dream, yeahOoh and I like it
You send chills up my spine every time I take one look at you
Ooh and I like it
Girl, you're blowin' my mind with the things you say to meGirl, let me run this by you, just one more time
You're on my mind every day and every night
My every thought is you, the things you do
Seem so satisfying to me, I must confess it, girlOoh and I like it
You send chills up my spine every time I take one look at you
Ooh and I like it
Girl, you're blowin' my mind with the things you say to meI like the way you comb your hair
I like those stylish clothes you wear
It's just the little things you do
That show how much you really careLike when I'm all alone with you
You know exactly what to do
You put that body beside of me
And make it more than just a dreamI like it, I like it
I really really like it
I'm for it, adore it
So come let me enjoy itI like it, I like it
I really really like it
I'm for it, adore it
So come let me enjoy itOoh and I like it
