

Don't Want To Live My Life Without You

Soluna

Here... We are...
Going back to the start
When I thought we've come so far
And I.. I try...
Tried to make you understand
I've done everything I can
Every night I'm losing sleep
Tell me if I'm in too deep
I'm going... crazy
I don't know what I should do
To fight the risk of losing you
Baby.. Ay yi!
Don't Want to live my life
Without you
Can't go another night
Without you
Don't Want to live my life
Without your Love
Without your love
Without your love
There you go
Hiding everything you feel
Too blind to see what's real
You.. Forgot...
Everything I was to you
The sun, the stars, the moon
I don't know what i've done wrong
Tell me whats been going on
Inside you... lately
I just wanna do you right
I cant go another night
Baby... Ay yi!
Don't Want to Live my Life without you
Can't go another night without you
Don't Want to live my life without your Love

Without your love
Don't Want to Live my Life (dont want to live my life) without you
Can't go another night (cant go another night) without you

Don't Want to live my life (whoa ooohhh..) without your Love

(without your love)

Without your love

Dont want to live my life... without you

Dont want to live my life... without you

No, No, No

Without you

Here... We are...

Going back to the start

When I thought we've come so far

Don't want to live my life without you

Can't go another night without you

Don't want to live my life without your Love

(without your love) Without your love

Don't want to live my life without you

Can't go another night without you

Don't want to live my life without your Love

(ooohhh...) Without your love

Don't Want to Live

Don't want to Live

Don't want to Live

Don't want to Live

Don't want to Live

Don't want to Live

Without You... Without your love...

Don't want to Live

Don't want to Live

Don't want to Live

Don't want to Live

Don't want to Live

Don't want to Live

Without You... Without your love...
