Jubilation

è-šç›¾

Re-jubilation with some celebration beginning
Total rejection to lies and deception and sinning
Sinners take key
For the life that you lead is deceiving, yeah!
Nothing replaces a man
That embraces believing, no!

People take heart
It's the time to be sport
To be honest
Join the reunion
There's one last communion upon us
Sinners take the key
For the life that you lead is deceiving, yeah!
Nothing replaces a man
That embraces believing, no!
I'm betting, I'm betting on Jesus
I'm hoping, hoping hell freezes
I'm hoping, hoping it just freezes
The devil, the devil

As for the children
God bless and God will
They'd know sorrow
Share the confusion
And life's disillusion tomorrow
Sinners take key
For the life that you lead is deceiving, yeah!
Nothing replaces a man that embraces believing, no!
I'm betting, I'm betting on Jesus
I'm hoping, hoping hell freezes
I'm hoping, hoping it just freezes
The devil, the devil

Re-jubilation with some celebration beginning
Total rejection to lies and deception and sinning
Sinners take key
For the life that you lead is deceiving, yeah!
Nothing replaces a man

That embraces believing, no!
