Radio Waves

Magnapop

Stick a message in my mind
I would open any time
Open up to see you
Any timeYou're living in a hotel
Guarded by a camera
And I can never see you nowRadio and it's so hard to reach you
Radio and it's so hard to reach youI've been waiting here
For so long
I'm in this room
And you're notHurry up and meet me here
Hurry up now
Before the light runs out
And it's runningRadio and it's so hard to reach you
Radio and it's so hard to reach youHurry up and meet me here
Hurry up now
Before the light runs out
I'll be runningRadio and it's so hard to reach you x4Hurry up and meet me there x4
