Joe

Kai Exos

[Verse 1:]
Took his time
The belltone rang 'round the citadel
He got just one friend
Forever til the end
Got a kid on the way
Married in spring
Buddy boy next to him[Hook:]
Ran into the Joe we both know
Strolled with the Joe we both know[Chorus:]
Hey mister
When you gonna try a little harder
Make it easy
On the rest of your family?[Verse 2:]
Leaps and bounds
He goes down into ground
Good woman at home
Ptfo by her phone
"Be there soon, honey"
Regular table #1
Old fashioned, in double time[Hook][Chorus][Bridge:]
Will you leave more
On this world of ours I wanna know
What's your legacy?[Chorus x2]
