Boy I wish it never had to come to this
It was hard to go another day without your kiss yea
I said some things that I really didn't mean to say
And I can't let my baby turn and walk away[Chorus: x2]
So please
Stay don't leave
Stay a little while longer
We can work it outPlease understand you hurt my feelings too yes you did
When you said you don't love me like I do ooh
Lets talk about it then we can go from there
can't let the time pass by cause love still in the air[Chorus: x2]I, don't leave think about our future baby yea yea yea
Don't leave cause I love you
Don't leave (don't leave) ooh ooh ooh we can work it out[Chorus: x2]
