Outdoor Miner

Slingbacks

No blind spots in the leopard's eyes
Can only help to jeopardize
The lives of lambs, the shepherd criesAn afterlife for a silverfish
Eternal dust less ticklish
Than the clean room
A houseguest's wishHe lies on his side, is he trying to hide?
In fact it's the earth which he's known since birth
He lies on his side, is he trying to hide?
In fact it's the earth which he's known since birthFace worker, a serpentine miner
A roof falls, an underliner
Of leaf structure, the egg timerHe lies on his side, is he trying to hide?
In fact it's the earth which he's known since birth
He lies on his side, is he trying to hide?
In fact it's the earth which he's known since birthHe lies on his side, is he trying to hide?
In fact it's the earth which he's known since birth
He lies on his side, is he trying to hide?
In fact it's the earth which he's known since birthHe lies on his side, is he trying to hide?
In fact it's the earth which he's known since birth
