

# Outdoor Miner

## Slingbacks

No blind spots in the leopard's eyes  
Can only help to jeopardize  
The lives of lambs, the shepherd criesAn afterlife for a silverfish  
Eternal dust less ticklish  
Than the clean room  
A houseguest's wishHe lies on his side, is he trying to hide?  
In fact it's the earth which he's known since birth  
He lies on his side, is he trying to hide?  
In fact it's the earth which he's known since birthFace worker, a serpentine miner  
A roof falls, an underliner  
Of leaf structure, the egg timerHe lies on his side, is he trying to hide?  
In fact it's the earth which he's known since birth  
He lies on his side, is he trying to hide?  
In fact it's the earth which he's known since birthHe lies on his side, is he trying to hide?  
In fact it's the earth which he's known since birth  
He lies on his side, is he trying to hide?  
In fact it's the earth which he's known since birthHe lies on his side, is he trying to hide?  
In fact it's the earth which he's known since birth
