Hallucinating

5-Deuce

Who are you? who are you? I don't know
Turn my back, turn my back, then I'll see you
Never seen, never seen, like a sixth sense
Who am I tonight?
Coloured lights, doubted twice, resurrecting
In my mind, countless signs, misleading
As I pass, see the last, ever changing
Lifted up, interrupt, all knowing
Chorus:
Something in my head - telling me to feel like this
Something in my mind - wanting me to think like this
I can feel, I can feel, fell your presence
Good or bad, good or bad, nothing to me
Come to me, come to me, truest comfort
Who am I tonight?
Peeling glass, feel the past, never ending
Feel my hands, cross the lands, revealing

Morphing eyes, true disguise, while predicting
Passing time, come to mind, all showing
Who am I supposed to be, if I don't know who I am
If I don't trust in myself to be what I'm supposed to be
(repeat)
Chorus
What are we, what are we, mental mischief
Too alive, too alive, never living
Coming down, coming down, living 2-d
Who was I last night?
Waking up to a world non existing
Shake you head, wake the dead from sleeping
Positive, negative, come to find out
Just as real as it feels, it's growing
Chorus
