Chess

Chess: The Musical

Baby, let's quit playing chess,
You've been to my address,
You keep checking me out,
I wanna get loud,
Stop playing mouse and cat,
I'm telling you that,
I'm gonna win,
I'm checking you in

Babe it's my move 'cause we play by my rules,
We got time, got time,
Babe it's my move 'cause we play by my rules,
We got time, got time

I can't do this anymore come on baby let's quit playing chess
I can't do this anymore come on baby let's quit playing chess

Baby, let's quit playing chess,
You've been to my address,
You keep checking me out,
I wanna get loud,
Stop playing cat and mouse,
I'm telling you that,
I'm gonna win,
I'm checking you in

I've been anticipating your move you're hesitating,
Baby I'm waiting, I'm waiting,
I'm moving the queen, you know what it means,
You're gonna swing,
I'm taking your king

Babe it's my move 'cause we play by my rules,
We got time, got time,
Babe it's my move 'cause we play by my rules,
We got time, got time

I can't do this anymore come on baby let's quit playing chess
I can't do this anymore come on baby let's quit playing chess

I can't do this anymore
I can't do this anymore

Baby, let's quit playing chess,
You've been to my address,
You keep checking me out,
I wanna get loud,
Stop playing cat and mouse,
I'm telling you that,
I'm gonna win,
I'm checking you in

I can't do this anymore come on baby let's quit

I can't do this anymore come on baby let's quit playing chess
I can't do this anymore come on baby let's quit playing chess
I can't do this anymore come on baby let's quit playing chess
I can't do this anymore come on baby let's quit playing chess
