

Over My Head

Powderfinger

A combination of the two worst ideals that you might have
Well don't complain when you just concede
There's nothing left for you It's sad to think that it all went over my head
I like to think it was easy not to have said
It's sad to think that it all went over my head
I like to think it was easy not to have said Look up, there's another place where you might just have come from
Hold me down, there is nothing to say i've been spent round here It's sad to think that it all went over my head
I like to think it was easy not to have said
It's sad to think that it all went over my head
I like to think it was easy not to have said
