Can't Find Me a Thrill

Night Ranger

Chasing the spotlight
It's all part of the game
I've been to so many places
And they all look the same
I rock for my money
Some say it's a suicide gameI can't find me a thrill
I can't find me a thrill
I can't find me a thrill
I can't find me a thrillFind me no thrill
Cocaine and women
They treat you the same
Set you up for the nightlife
And leave you ashamed
One too many habits
And none ever satisfy meI can't find me a thrill
I can't find me a thrill
I can't find me a thrill
I can't find me a thrillFind me no thrill
The morning after
And I feel so alone
So long to the magic
God I wish I was homeI can't find me a thrill
I can't find me a thrill
I can't find me a thrill
I can't find me a thrillI can't find me a thrill
I can't find me a thrill
I can't find me a thrill
I can't find me a thrillI can't find me a thrill
I can't find me a thrill
I can't find me a thrill
I can't find me a thrillFind me no thrill
