Stay the Night

Sarah Jory

In the still of my heart
There's a fire that burns my sole's desire
Touching me, like the sun
Here and now I give my love so faithfully
That I will always be the one
I wanna stay with you tonight
I don't wanna leave
Cause I feel the time is right
Don't wanna go before I say
What I have to say
Don't ask me to walk away
I wanna stay tonight, wanna stay the night
Holding you close to me
The first time that your body moved with mine
Let them go, ease your fears
Caressing as I am whispering in your ears
That I will always be the one
I wanna stay with you tonight
I don't wanna leave
Cause I feel the time is right
Don't wanna go before I say
What I have to say
Don't ask me to walk away
I wanna stay tonight, wanna stay the night
Now is the time, I've been waiting for so long
Just give me a sign, cause it's here where I belong
OOH oh yeah (stay the night)
I wanna stay with you tonight (stay)
I don't wanna leave (I don't wanna leave)
Cause I feel the time is right (Baby please tonight)
Don't wanna go before I say
What I have to say (what I have to say)
Don't ask me to walk away (baby, don't walk away)
I wanna stay tonight, wanna stay the night (wanna stay the whole night baby)
Wanna stay the whole night baby
Wanna give you everything and more
What I have to say
Don't ask me to walk away
Stay the night, stay the whole night oh, yeah

My baby, my baby tonight
Dont wanna go now
I wanna stay the night
Don't wanna go now
Don't ask me to walk away
Dont wanna go now
I wanna stay the night
Don't wanna go now
Don't ask me to walk away
Dont wanna go now
I wanna stay the night
Don't wanna go now
Don't ask me to walk away
