Molded Plastic

The Epoxies

I made some molded plastic
My circuits are hardwired
I'm solid state
So I never get tiredYeah
Something's going on
If you think you are strong
I'll show you just how wrong you areMy eyes are blue electric
My skin is nylon smooth
I tell I don't want to
You do what I want you toYeah
Something's going on
If you think you are strong
I'll show you just how wrong you areI'm all that you desire
I've noticed who you are
I am your weakness
I only get so farYeah
Something's going on
If you think you are strong
I'll show you just how wrong you areI made some molded plastic
