Weâ€™re calling out your name friend
We're calling 1 by I
We're calling out your name friend
Itâ€™s only just begun

Weâ€™re calling out your name friend
We're calling 2 by 2
We're calling out your name friend
Youâ€™ve lost the right to choose

Don t you run, leave it all behind

We're calling out your name friend
We're calling 3 by 3
We're calling out jour name friend
Sell you what you don't need

We're calling out your name friend
We're calling 4 by I
We're calling out your name friend
You're dead and you're ignored

Don't choose, run, leave it all behind
