These Walls

Myah!

These walls, too hard to climb
And that ladder is too hard to find
I don't want to be here anymore
These roads, too hard to walk
With the things you've been saying
I don't even want to talk
I don't want to wind up on the floor
I don't want to be here anymore
Fair amount of disbelief
These walls are killing me
I don't want to be here anymore
Speak your mind or speak your peace
I swear we're sinking deep
I don't want to wind up on the floor
I don't want to be here anymore
The sky is falling all over again
Just another dis-conclusion
Another disillusion
The sky is falling all over again

Am I losing my composure?
Way too much exposure to compromise
I can't take on these walls
You've been yelling up into the red
But you haven't heard a word I've said
I don't want to be here anymore
"Give it all I've got" can be bittersweet
You think everyone's beneath your feet
I don't want to wind up on the floor
I don't want to be here anymore
The sky is falling all over again
Just another dis-conclusion
Another disillusion
The sky is falling all over again
Am I losing my composure?
Way too much exposure to compromise
I can't take on these walls
They're too hard to climb
These walls

I can't take on these walls [x2]
