Retrogression

DEADSKIN

Holding back unconnected
Lapsing in a hole
Intermission never ending
Castigate this voidCage this retrogression
Gates of change
Disturbing self confessions
Powerless ragePlummeting hate trivia
Pumping through my veins
Dispassionate envy
Sharpens the bladeCage this retrogression
Gates of change
Disturbing self confessions
Powerless rageCage this retrogression
Gates of change
Declining optimism
Desire derangedCage this retrogression
Gates of change
Disturbing self confessions
Powerless rageCage this retrogression
Gates of change
Declining optimism
Desire deranged
