# You Know You're Right

## Nirvana

I will never bother you
I will never promise to
I will never follow you
I will never bother youNever speak a word again
I will crawl away for good
I will move away from here
You wont be afraid of fearNo thought was put into this
Always knew we would come to this
Things have never been so swell
I have never failed to feelPain, pain, pain
You know you're right
You know you're right
You know you're rightIt's so warm and calm inside
I no longer have to hide
Lets talk about someone else
Steaming soup against her mouthNothing really bothers her
She just wants to love herself
I will move away from here
You wont be afraid of fearNo thought was put into this
I'd always knew it come to this
Things have never been so swell
I have never failed to feelPain, pain, pain, pain, painYou know you're right (x15)
You know you're right
Pain
You know you're right
Pain
